

MINNESOTA

NOTE: Minnesota is one of several states that utilize The Industrialized Buildings Commission label and program. Go to IBC for label information. See comment below for use of the Minnesota Pre Fab Construction Seal

Label Size:	3 ¼ x 4 ½
Material:	Aluminum plate
Background Color:	Blue
Letter Coloring:	Gold
Border Color:	N/A
Location of Label:	Only one Minnesota label (when used) is required for the entire home and is usually installed in the base cabinet under the kitchen sink or near the electrical panel.
Comments:	Minnesota accepts IBC labeled homes. Minnesota also has a special in-state label for low production facilities. It also used a Minnesota state label for homes built by a producer who builds less than 3 homes per year in state.
